July 17, 2015

## Hello Friend!

We have seen some amazing events happening in our world lately. While these prophetic events are happening all around us, Good News TV and GNTV Latino, our English and Spanish language television channels, have continued to air a wide variety of thought provoking Christ-centered programming 24 hours a day, designed to introduce our viewers to our loving Savior, challenge and encourage us all with truths of the Scripture, and provide ample opportunities to connect to local church families.

We have also been very busy expanding our borders to cover new territories over the last year, including 4 new communities of Arizona, **Prescott, Payson, Flagstaff** and **Yuma**. We have also been working with various other teams to cover areas outside of Arizona. Please pray for our ongoing efforts to reach souls throughout the world while time lasts.

## Our Next Steps...

Within Arizona, our expansion efforts continue, and this is the main purpose for my message and appeal to you today. We are pursuing expansion of Good News TV into **Tucson, Verde Valley**, and **Bullhead City**, which will also reach into Laughlin, NV and Needles, CA. Please pray about and contact us to pledge your support of these endeavors.

## Is FM Radio on our Horizon? ... If so, we need help right away!

In addition to expansion of our TV ministry, we have identified a very unique opportunity to expand into FM radio! Although this has caught us off guard and the

opportunity has a very short window, we feel the Lord is directing us to move forward according to His will and His provision. Specifically, we have the opportunity to pursue the purchase of 2 full-power radio station permits in Arizona. The first permit is outside of Phoenix in **Wickenburg**, and the second permit is on the journey to-from California, in **Quartzsite**. Each FM radio

station promises to reach a minimum of 24 miles in each direction, but could reportedly reach up to 3 times that distance!

**Radio sounds exciting, but** it will take another miracle from God for it to happen. When we presented this opportunity to our GNTV ambassadors several days ago, we received a very strong level of support through gifts and prayer, including unsolicited funds necessary to secure an opening bid for the Wickenburg permit.

The auction for the Wickenburg permit will start at \$3,500 and increase each step in increments of another \$3,500 (\$7,000, \$10,500, \$14,000, etc) until there is only one bidder remaining, which will be the winner. This same permit was valued at about \$90,000 three years ago, so this might be out of our league, but we also know that the Lord can and does work miracles.

The auction for the Quartzsite permit will start at \$2,500 and increase each step in increments of another \$2,500 (\$5,000, \$7,500, \$10,000, etc) in the same way until there is only one bidder remaining that will win the permit.

**These auctions start on Thursday, July 23**, and they may end after the second or third round on that same day. But, it is much more likely they will go for more rounds. We have secured enough funds to place the opening bid on both permits (\$6,000 total). Every incremental bid beyond that will require your help.

If you feel impressed to help us reach either of these 2 communities with FM radio, then please don't delay. Due to the tight timeline, please **contact me directly ASAP by phone within the next week** (before Thursday, July 23) to ask questions and secure your support of this next leap of faith. Whether you are able to help financially or not, please pray for God's will in this matter.

Thank you and God bless,

Luke Skelton

# Amazing Stories of Lives Being Changed

**Enrique** was watching our Spanish broadcast when he saw an offer for free literature. He called our station and spoke with Carlos, GNTV Latino Manager. While obtaining his contact information, Carlos found out something special about Enrique. He was calling from another country!

Enrique is watching GNTV Latino from his home in San Luis, Mexico, about 20 miles South of our newest station in Yuma, Arizona. As a result, Carlos contacted the Spanish Yuma pastor, and one of his elders drove to Mexico and introduced Enrique to the San Luis, Mexico pastor and his new church family.

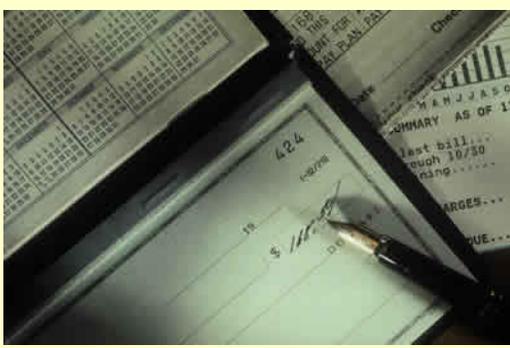

**Kim** saw a promo on Good News TV for a Bible seminar, "Landmarks of Prophecy", that was to be downlinked at one of our local churches. She called us for more information, telling us she loved to learn about Bible prophecy, but did not have transportation. We set up a ride for her and she faithfully attended nightly, making friends with other attendees. She started regularly worshiping each Sabbath, and joined the pastors baptismal preparation class. Kim was baptized into new life last month, and was one of 4 GNTV viewers who shared their testimonies at Camp meeting.

***Thank you for your prayers and support in helping reach souls  
for Christ through this ministry!***

## HOW YOU CAN HELP...

As you reflect on what God is continuing to accomplish through the ministry of GNTV, we strongly encourage you to consider partnering with us today.

Whether you'd like to give a special one-time gift to help us expand, or you would like to pledge your monthly support to help us meet our increasing monthly operating costs, your gift(s) will help us reach people throughout Arizona, like **Enrique** and **Kim**, with the gift that lasts for eternity.

You can contact us directly to discuss which option is best for you, or you can donate through various available methods. You can choose to donate on-line through [our website](#), or you can setup automatic bill-pay through your bank, or you can send a personal check, payable to "Good News TV", directly to [our mailing address](#) in Scottsdale, AZ.

Another way you can support our vision is to remember Good News TV through your will, a revocable trust, or a gift annuity. To discuss these or any other options available, please don't hesitate to [contact us](#).

Thank you very much for your continued prayers and support of this vital ministry!

May God bless you,
