

Merry Christmas and Happy News Year!

Greetings!,

As we approach the close of our eighth year of broadcasting, we wish you, our volunteers and supporters a Merry Christmas and a blessed 2017. Thank you for all you have done to enable Good News TV to continue to reach souls for Jesus Christ. It is truly because of your sacrificial support that all of what we do is possible. By the grace of God and your continued prayers and help, we anticipate yet another incredible year to come. We are sending this message to share with you about a few of the latest developments...

Good News TV and GNTV Latino, our English and Spanish TV channels, continue to broadcast messages of hope 24 hours a day. We sincerely appreciate Hope Channel, 3ABN, LLBN, and other outstanding Adventist media ministries for the excellent messages they provide us to air. Each thought-provoking, Christ-centered program introduces our viewers to our loving Savior, challenging and encouraging them with truths from Scripture. Good News TV then localizes the channel, inviting viewers to connect with our local church families.

We continue to develop relationships with our viewers who call for prayer, request literature and DVDs of programs they watched, or ask for directions to a local Seventh-day Adventist church. Callers tell us the channel is a "*such a blessing*" and "*lifeline*" for them. Some recent viewer comments: **Marla from Mesa**, whose heart was touched by seeing the mission work our church is doing to reach people for Jesus in Bangkok. "*I don't get out much these days. You wouldn't believe how much I rely on Good News TV*". **Jeanine from Phoenix** just called this morning to tell us, "*I LOVE your music! I was moved to tears by the last song.*" **Barbara from Chandler** thanked us tearfully as we prayed over the phone for her ill daughter, "*Thank you for what you do*". **A Flagstaff viewer** called for free literature and marketing materials, "*I love your programs and want to turn my friends on to it too!*" **Michael from Phoenix**,

had been watching the channel for quite a while before requesting a church address. He worshiped with us last week, saying, "This is my first time here. I will be back!" **Dwain** watched for several months and now faithfully attends worship each week. "Good News TV brought me back to church". Now, he is a key member of the church's video ministry, and he also volunteers for GNTV monitoring our stations remotely.

Just 3 weeks ago, the Glendale church added two new viewers to their church family

as **Chester** and **Jimmy** followed Christ in the waters of baptism. [CLICK HERE to watch Jimmy's inspiring story.](#) Jimmy, an artist, shared with us that he had always had questions about Daniel, Revelation, the Second Coming, and other key biblical topics. He couldn't find answers that he was looking for until one day, while

"channel surfing" he found Good News TV! He declared, "The programs make things so clear and answered so many of the questions I had." One example was about the seventh-day Sabbath. Jimmy also appreciated the programs on diet and exercise. After a year of watching and learning, he felt the Lord was sending him a message when he discovered the Glendale Adventist Church just 3 miles down the street from where he lived. He began worshiping there and attended Pastor Gary's Revelation Seminar. "Before, I tried doing it my own way, and that didn't work". Now, he starts each morning by dedicating himself to the Lord, praying, "Teach me how I can live my life better for You". It is stories like Jimmy's that help us see the impact that Good News TV is having on our communities.

Local Productions: We are thankful for our production crew volunteers who range in age from 11 to 72, who have helped us record special events this year, such as Arizona Conference Camp meeting Seminars, The Evidence Series with Pastor Myckal Morehouse, and special concerts and worship services. DVDs of all our productions are available from GNTV and are great for gifts or to add to your personal lending library.

Website Redesigned: In order to make our website more user friendly and feature rich, we upgraded it extensively. We not only gave it a new look, but also made it more functional. New features include on-demand video, many new resources, and the ability for web surfers from various communities to visit a single site and still get local information. To check it out, visit www.MyGoodNewsTV.com.

New Production Manager: Do you remember last year, when we told you that we need to hire our first Production Manager/video editor to produce creative content targeted specifically to reach our viewers'

hearts? Well, we praise the Lord that He has provided. **Dennis Kamberg**, who comes to us with 20+ years of experience at Better Life Broadcasting Network, joined our Good News TV team just about 3 months ago. We thank our supporters who made this possible, and praise the Lord for answering in such a powerful way. Please welcome Dennis to

our team!

Arizona Expansion: We broadcast today throughout Phoenix-metro area, Payson, Prescott, Yuma, and Flagstaff Arizona, as well as streaming online at our website, MyGoodNewsTV.com. Viewers that watch TV with Roku, Apple TV, or Amazon Fire can also watch the channels with our new Good News TV Apps. [Visit our website](#) to learn more about these various options. We are now strongly impressed that the Lord is directing us to start broadcasting our messages of hope in the Tucson metropolitan area. This goal cannot be reached without your continued prayers and financial help. We do have matching funds available for expansion into Tucson, so if you'd like to help with a special gift to reach souls for Christ in Tucson, please contact us to double your gift.

Final Thoughts

The Lord has worked many amazing miracles through Good News TV this year, and we are so thankful for your part in it all! As the year draws to a close, please prayerfully consider whether you want to do even more to help us reach souls for Christ through GNTV in 2017. Your tax-deductible year-end gift, pledge for monthly support, or remembering our long-term vision through your estate plan has never been so important, no matter how large or small.
